

“Pelly”

Adult Cavalier King Charles Spaniel, Retiring

Looking for an Arizona Home

Health-Tested, Gentle, Quiet Nature

Schabelle is 5 years old. She has a silky-soft coat that is deep, ruby red with white mask and markings. She was bred from a health-tested, beautiful, champion-line of Cavalier King Charles Spaniels.

“Pelly” is sweet-natured and loves to please. She is house-broken and obedience trained.

She is very quiet-natured and will require patience during her transition, until she is accustomed to her new home.

Pelly does well with other dogs, and humans of all ages. She loves going for walks, hikes and swims.

She’s quiet and sweet - never hyper or yappy. She has a lower shedding coat that does well with daily brushings.

Pelly thrives on praise, love and companionship. We are looking for a loving home for Pelly - we require a family or individual that will love her forever! There is no re-home fee for the right family. Pelly is in great health, has no health issues, but needs to be spayed.
